

1. Balance Transfer Overview

Transferring an existing loan from a higher-interest lender to a lower-interest lender to reduce monthly EMI and overall interest payout.

2. When to Opt for Balance Transfer

Beneficial if the interest rate differential is at least 0.5% to 1.0% and remaining loan tenure is longer than 3-5 years.

3. Top-Up Loans

Additional loan facility offered over an existing home or personal loan at lower interest rates than fresh personal loans.
